Written by a very well-known authority in forensic science, this text introduces the non-scientific student to the field of forensic science. Through applications to criminal investigations, clear explanations of the techniques, and the abilities and limitations of modern crime labs, Criminalistics covers the comprehensive realm of forensics. The text strives to make the technology of the modern crime laboratory clear to the non-scientist. Combining case stories with applicable technology, Criminalistics captures the excitement of forensic science investigations. 654 pp. Englisch.
