Reviews

It is in a single of my personal favorite publication. It usually fails to charge an excessive amount of. Once you begin to read the book, it is extremely difficult to leave it before concluding.

ILIUM

HARPER TORCH Jun 2005, 2005. Taschenbuch. Book Condition: Neu. 171x108x40 mm. Neuware - More than a decade ago, Dan Simmons's Hyperion created a sensation among readers worldwide. The New York Times called the four Hyperion novels 'an unfailingly inventive narrative that bears comparison with such classics as Isaac Asimov's Foundation series, Frank Herbert's Dune, and Gene Wolfe's The Book of the New Sun.' Now, in this long-awaited return to epic science fiction, Simmons begins a new saga based on the themes of The Iliad and The Tempest. With events set 3,000 years in the past and 2,500 years in the future, with action leaping from volcanoes and terraformed oceans of Mars, to Jupiter space, to the Plains of Ilium during the Trojan War, to the wildly changed Earth of the distant future - in a story filled with characters like Caliban and Achilles and Helen of Troy, with immortal gods who may be neither immortal nor gods, with all-too-mortal humans who might be much more than human - ILIUM celebrates sfs sense of wonder in a way few tales have attempted. Full of action, passion, and intelligence sure to appeal to a diverse range of readers, ILIUM explores the themes of fate, courage, friendship, duty, and death on a heroic scale. 731 pp. Englisch.
