Reviews

It is one of the most popular books. I am quite late in starting to read this one, but better than never. Once you begin to read the book, it is extremely difficult to leave it before concluding.

STRINDBERG THE MAN (PAPERBACK)

Createspace Independent Publishing Platform, United States, 2016. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.From the Introduction. There are two distinct ways in which to deal with genius and the works of genius: The old and the new. The old method may be characterized as the descriptive. It is, generally speaking, negative. It occupies itself mainly with the conscious motives and the external phases of the artist and his life and gives a more or less literal interpretation of his creation. From an historical point of view the descriptive method has its own peculiar value; from the psycho-analytic viewpoint it is less meritorious, since it adds but little, if anything, to the deeper understanding of the creative mind. The new or interpretative method is based on psychology. It is positive. Gustaf Uddgren s Strindberg The Man (En ny bok om Strindberg) is not a psycho-analytic interpretation of Strindberg in the true sense of the term. It is rather descriptive with a strong analytic tendency. As a matter of fact, it contains a number of elements of such general interest as to justify the translator s ambition of rendering the work accessible to the English speaking public. It constitutes the unpretentious message in the form of biography and reminiscence of one of...
