Amphibians and Reptiles of Georgia

By John B. Jensen, Carlos D. Camp, Whit Gibbons, Matt J. Elliott

University of Georgia Press. Paperback. Book Condition: new. BRAND NEW, Amphibians and Reptiles of Georgia, John B. Jensen, Carlos D. Camp, Whit Gibbons, Matt J. Elliott, This is the only comprehensive guide to the state's diverse herpetofauna. A hidden world of amphibians and reptiles awaits the outdoor adventurer in Georgia's streams, caves, forests, and wetlands. "Amphibians and Reptiles of Georgia" makes accessible a wealth of information about 170 species of frogs, salamanders, crocodilians, lizards, snakes, and turtles. Throughout, the book stresses conservation, documenting declines in individual species as well as losses of local and regional populations. Color photographs are paired with detailed species accounts, which provide information about size, appearance, and other identifying characteristics of adults and young; taxonomy and nomenclature; habits; distribution and habitat; and reproduction and development. Typical specimens and various life stages are described, as well as significant variations in such attributes as color and pattern. Line drawings define each group's general features for easy field identification. Range maps show where each species occurs in Georgia county by county, as well as in the United States generally. State maps depict elevations, streams, annual precipitation, land use changes, physiographic provinces, and average temperatures. The book includes a checklist, a chart of...
