THE COMPELLING SPIRITUAL PATH

Createspace. Paperback. Book Condition: New. This item is printed on demand. Paperback. 284 pages. Dimensions: 8.5in. x 5.5in. x 0.6in. This picture comes from the other side of the veil separating those of us on the physical plane from those in the unseen plane. The main focus of these teachings is to help everyone get a bigger picture of the purpose of life and offer hope and inspiration for our future. People leaving the churches will have the courage to move past its teachings and blaze new trails leading to the use of the intelligent mind. The Chrysalis Teachings quite often use analogies to explain many scientific and spiritual concepts. If these concepts are brought into being by the reasoning, intelligent mind comparing them with logic of what is already known and accepted on the earth plane, there will be much less chance of misinterpretation. Therefore comparisons and analogies are used to further understanding. It is always wise to compare new concepts to things people can relate to in real life. When something is compared to an article or situation that a person already is familiar with and understands, it makes understanding of the new concept much easier. One analogy for you to consider would be to compare...
