

Overcome Maths Anxiety (Paperback)

Filesize: 6.09 MB

Reviews

The ebook is straightforward in study better to comprehend. It really is simplistic but excitement within the 50 % of the book. I am happy to let you know that here is the very best pdf i have got read during my very own existence and might be he greatest ebook for possibly.

(Dr. Brannon Wolf)

Createspace Independent Publishing Platform, United States, 2012. Paperback. Book Condition: New. 224 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Missed out on Maths at School? It happens; poor teaching, or unimaginative teaching. Perhaps it just wasn't right for you at the time. Doesn't mean that you can't catch up a bit now. Let Tony Briginshaw walk you through easy arithmetic - get you back on track. Not that we'll overdo it, far too many authors are overambitious. They'll be no times tables, and no unnecessary complexity. But by the time we've finished, you will still get an ability to handle decimals, fractions and percentages, things that you need to know in the twenty first century; and you'll be well able to go on to harder stuff. At the start maths is a question of process, not complicated theory. How you manipulate the symbols to get the right answer - every time. You need that confidence, that ease with number symbols. Can you add and take away small numbers? I mean the numbers you count with - up to 9. That's all you need and I'll take it from there. Give it a try. Tony Briginshaw will walk you through the most elementary stuff with this easy to follow guide.
