## UNCOVERING THE BODY: ESSAYS ON ART AND THE BODY (PAPERBACK)

iUniverse, United States, 2005. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. Uncovering the Body provides a new perspective on how to experience and think about art and the artistic process. It uses the bodily experience as the source and mode of engaging and experiencing work. Our older ways of thinking about art imply the dualities of mind and body, reason and feeling. Author Ed Levine includes chapters on the following subject matter to explain his innovative philosophy: Bodily thoughts and the intelligent flesh Art and ornithology: artist as migratory bird The artistic process Looking into time Western culture is marked by dualities of mind and body, and of body and spirit, which have found their way into our thinking and understanding of art and the artistic process. Thinking and experiencing through and by means of the body can dissolve these dichotomies and provide an alternative way of engaging and finding meaning in works of art. Uncovering the Body provides an alternative to the postmodern interpretation of art. It offers a point of view that moves beyond the limitations that postmodern thinking imposes on our understanding of art and its methods. By reengaging our bodies, we can establish a new relationship between art and ourselves.
